

### Wi-Fi Repeater

- Connects to your home Wi-Fi router
- Extend your 2.4GHz network up to 100 ft.
- Control light and wireless settings via the mobile app

### Wi-Fi Where You Want It

Boost gives you Wi-Fi where you want it, combined with high-efficiency, dimmable LED light. End internet dead zones for good, as Boost increases the range of your existing Wi-Fi network. Enjoy show, movies, and music from almost anywhere in your home - along with a mobile app (iOS/Android) for simple setup and easy lighting control.

### Technical Data

Model number	A01-A60EAE26 / E27
Light base	E26 / E27
Power supply	100-240V, 50/60Hz
Power consumption	7.5W (avg.) / 9W (max.)
Operating temperature	-4°F ~ +104°F
Operating humidity	<95%
Brightness	470 - 550 lumen
Color temperature	3000 kelvin
Color rendering index	80
Beam angle	225°
Dimming	via app (not compatible with dimmers)
Wireless standard	802.11b/g/n 2.4GHz up to 300Mbps
Wireless security	WPA/WPA2-PSK and WEP
Dimensions	4.7 in. (height) x 2.4 in. (diameter)
Weight	10.2 oz.
Available colors	white
